

NOTES:

1. Plots 1 through 999 were located by the survey accomplished in March 2010
2. Red plots are plots with coping around them indicating family plots.
3. Yellow plots are blank gravestones.
4. Magenta outlined grave sites have monuments and known occupants.
5. Green plots are graves located by Ground Penetrating Radar but have no markers and the occupants are unknown.
6. Black plots are grave sites added since the cemetery was surveyed and since the Ground Penetrating Radar survey was made. These sites are numbered starting with 1000 and available for graves.
7. All new grave sites are 4 feet by 10 feet.
8. Survey done by Robert Belisle of BELISLE SURVEY SERVICES OF SENOIA, GA.
